VIP RUBBER AND PLASTIC COMPANY APPROVED AS SOURCE ON BMS1-72 SPECIFICATION

La Habra, California - Vip Rubber and Plastic Company (Vip) today announced that it has received approval as a supplier for the Boeing material specification BMS1-72. This is the second approval Vip has received from Boeing, it is currently an approved supplier on the BMS1-57 specification.

“I am pleased with Boeing's confidence in Vip,” said Howard Vipperman, president of Vip Rubber and Plastic Company. “Vip personnel continue to qualify for additional specifications and makes me bullish for the future. I couldn't be more proud of my staff!”

Vip Rubber and Plastic Company is a custom manufacturer of molded rubber and plastic, extruded rubber and plastic, tubing and calender sheeting. Vip, an AS 9100 and ISO 9001 certified company, began manufacturing in 1961 and fabricates all American-made products in their La Habra, California facility.
